#### IV. Tax Increases Averted

Estimate the degree to which State tax increases were averted because of the availability of SFSF funds.

Entry from previous timeframe:

**The State of Oklahoma funded \$354 million of the FY-2010 state budget with funding provided by the SFSF program. Without this program, the State of Oklahoma would have been required to raise taxes, raise fees or cut appropriations accordingly to comply with our constitutional requirement of a balanced budget.**

Please update for the new timeframe:

**The State of Oklahoma funded \$199 million of the FY-2011 state budget with funding provided by the SFSF program. Without this program, the State of Oklahoma would have been required to raise taxes, raise fees or cut appropriations accordingly to comply with our constitutional requirement of a balanced budget.**

#### V. Jobs Saved or Created

In its quarterly reports submitted under section 1512 of ARRA, each State provided data on, among other things, the number of jobs estimated to have been saved or created as a result of SFSF support. The Department will use the information that has been reported to determine the number of jobs that have been saved or created. For the purposes of the Initial Annual Report, the State is not required to provide any additional information on the number of jobs estimated to have been saved or created.

## VI. Progress in Advancing Education Reform

### A. Reducing inequities in the distribution of highly qualified teachers:

Describe the steps that the State has taken, from October 1, 2010 through September 30, 2011, to reduce inequities in the distribution of highly qualified teachers.

Entry from previous timeframe:

**Through the SFSF I funds, Oklahoma was able to retain over 3,000 teachers across the state of Oklahoma, that otherwise would have been lost due to state revenue shortfalls. With approximately 99% of Oklahoma teachers being highly qualified, these funds dramatically impacted the state's ability to retain our best teachers during this economic downturn.**

Please update for the new timeframe:
